

Planned Giving Options

Charitable Gift Annuity – The Gift that Gives Back!

“As a retired couple on a fixed income, we needed to guarantee a steady income. We also wanted to set an example of helping others for our granddaughter. The Rescue Mission Foundation helped us find a way to earn more and do something good for homeless families right here in our hometown.”

IRA – Make a REAL Difference!

“We were surprised at how easy it was to designate The Rescue Mission Foundation as the beneficiary of our IRA retirement accounts. We can use the money when we need it and every penny left over will eventually go to the good work at the Mission. That’s a difference we can be proud of!”

Life Insurance – Turn Unneeded Insurance into Free Healthcare!

“I love telling how I made the decision to name The Rescue Mission Foundation as beneficiary on my life insurance policy. When I die, the proceeds from the insurance will go to create a fund in my husband’s memory to provide support for the Mission’s free clinic. Jack’s memory is honored and those poor, sick people will get the help they need.”

Real Estate – Doing Good AND Saving Taxes!

“When I found out I could help the good work of The Rescue Mission and avoid capital gains tax, I was thrilled. My gift of real estate will go farther than I ever dreamed and will provide food, shelter, recovery and healthcare.”

Stock – The “Smartest” Gift

“I did not know that making a charitable gift with stock was one of the smartest ways to give. I eliminated capital gains tax and was able to give a larger gift than I thought possible. With the help of The Rescue Mission Foundation, I even able to contribute to the “Let Your Light Shine” Fund to provide hands on service for the programs of The Rescue Mission. ”

Will – Hope for Today, a Bright Future for Tomorrow

“We are so glad we made the decision to leave a gift to The Rescue Mission Foundation in our will. We were able to create a fund to help homeless children learn the skills they need to enter school on a level equal to the other children.”
