INDEPENDENT AUDITOR'S REPORT

Board of Directors
The Rescue Mission of Roanoke, Incorporated
Roanoke, Virginia

Opinion

We have audited the accompanying consolidated financial statements of The Rescue Mission of Roanoke, Incorporated (a not-for-profit organization) which comprise the consolidated statements of financial position as of December 31, 2021 and 2020 and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The Rescue Mission of Roanoke, Incorporated as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Rescue Mission of Roanoke, Incorporated and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rescue Mission of Roanoke, Incorporated's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Rescue Mission of Roanoke, Incorporated's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rescue Mission of Roanoke, Incorporated's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating statements of financial position and the consolidating statements of activities are presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations, and cash flows of the individual companies, and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Report on Supplementary Information (Continued)

In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Brown, Edwards & Company, S. L. P.

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 1. **Organization and Nature of Activities**

The Rescue Mission of Roanoke, Incorporated (the “Rescue Mission”), also known as The City Rescue Mission, is a nonprofit corporation organized under the laws of the Commonwealth of Virginia as a Christian crisis intervention center which seeks to minister to the whole person and provide emergency food, shelter, clothing, and medical services to anyone in need.

Note 2. **Summary of Significant Accounting Policies**

The significant accounting policies followed by the Rescue Mission are described below:

Basis of financial statement presentation

The consolidated financial statements of the Rescue Mission have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for a voluntary health and welfare organization.

The accompanying consolidated financial statements present information regarding the Rescue Mission’s financial position and activities according to two classes of net assets, differentiated based on the existence or absence of donor-imposed restrictions, which are described below:

Net assets without donor restrictions are free of donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Directors or may otherwise be limited by contractual agreements with outside parties. Revenues, gains, and losses that are not restricted by donors are included in this classification. Expenses are reported as decreases in this classification. The Rescue Mission’s governing board has designated net assets without donor restrictions for the purpose of a quasi-endowment. The balance was \$1,396,841 and \$1,109,155 at December 31, 2021 and 2020, respectively.

Net assets with donor restrictions are limited in use by donor-imposed stipulations that expire either by the passage of time or that can be fulfilled by action of the Rescue Mission pursuant to those stipulations. Net assets with donor restrictions also includes amounts required by donors to be held in perpetuity; however, generally, the income on these assets is available to meet various operating needs. These primarily include Foundation (permanent endowment) funds.

Principles of consolidation

The Rescue Mission Foundation (“Foundation”), also known as The Lifeline Foundation, is an endowment fund organized for the support of the charitable purposes of the Rescue Mission. Because the directors of the Foundation are elected by the Board of Directors for the Rescue Mission, and because of the financial interrelationship between the two entities, the amounts presented in the accompanying consolidated financial statements include both entities. All significant intercompany accounts and transactions have been eliminated in consolidation.

(Continued)

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 2. Summary of Significant Accounting Policies (Continued)

Cash and cash equivalents

The Rescue Mission and Foundation consider all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Inventory

The Rescue Mission accepts contributions of clothing, furniture, and household items for resale to customers in its stores, the Thrift Shop and 2nd Helpings. These donations are recorded using the cost of sales percentage method.

Contributions

Contributions, including unconditional promises to give or contributions receivable, are recognized as without donor restriction or with donor restriction support, depending on the existence and/or nature of any donor restrictions, when the donor's promise is received.

Conditional promises to give are not recognized until they become unconditional – that is, when the conditions on which they depend are substantially met. Contributions of certain assets other than cash are recorded at estimated fair value. Contributions to be received after one year are discounted at an appropriate discount rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions. If necessary, an allowance for uncollectible contributions receivable is provided based upon management's judgment, including such factors as prior collection history, type of contribution, and nature of the fundraising activity.

Food contributed for use in the Rescue Mission meals and other materials contributed for distribution to the needy are not recorded in the accompanying consolidated financial statements since they merely pass through the Rescue Mission to its charitable beneficiaries.

The Rescue Mission receives discounted use of space for a café, thrift shop, and gallery. Contributions and expenses related to the donated space have been reflected in the accompanying consolidated statements of activities and functional expenses.

Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the net assets without donor restriction class.

Contributions of property and equipment without donor stipulations on the asset's use are reported as net asset without donor restrictions revenue. Contributions of cash or other assets to be used to acquire land, buildings, and equipment with such donor stipulations are reported as revenues of the net assets with donor restrictions class; the restrictions are considered to be released at the time the assets are placed in service.

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 2. Summary of Significant Accounting Policies (Continued)

Investments

Investments in marketable securities with readily determinable fair values, and all investments in debt securities are reported at fair value in the consolidated statements of financial position. Net unrealized and realized gains or losses are reflected in the consolidated statements of activities. Any investments which are not readily marketable are carried at cost.

Gifts of investments are recorded at fair value (based upon quotations or appraisals) at the date of gift. Purchases and sales of investments are recorded on the trade date.

Property and equipment

Property and equipment are stated at cost at the date of acquisition or fair value at the date of gift, less accumulated depreciation. Depreciation is computed on the straight-line basis over the estimated useful lives of the buildings and improvements (5-40 years) and all other equipment (3-20 years). Property and equipment are removed from the records, and any gain or loss is recognized at the time of disposal. Expenditures for new construction, major renewals and replacements and equipment exceeding \$1,500 are capitalized.

Property held for future sale

The Rescue Mission had two properties held for future sale at December 31, 2021 and 2020. The properties are stated at cost if purchased or at fair value if donated.

Restricted Assets – Funds Held in Trust

Restricted assets consist of funds held in trust for clients receiving services from the Rescue Mission. These funds must be used for the benefit of these clients and do not represent an operating asset of the Rescue Mission.

Advertising costs

The Rescue Mission expenses advertising costs as incurred.

Credit risk concentrations

Financial instruments which potentially subject the Rescue Mission and Foundation to concentrations of credit risk consist of interest-bearing transaction accounts, investments, and contributions receivable. The Rescue Mission and Foundation places its interest-bearing transaction accounts with high credit quality financial institutions. The Rescue Mission has not experienced any losses in such accounts. The Rescue Mission and Foundation place their investments with high credit quality financial institutions. Concentration of credit risk for investments are limited by the Rescue Mission's and Foundation's policy of diversification. On December 31, 2021 and 2020, the Rescue Mission and the Foundation had \$458,960 and \$964,169 respectively, on deposit in excess of the amount insured by the Federal Deposit Insurance Corporation (FDIC). The Rescue Mission and Foundation have not experienced any losses on uninsured balances. Concentration of credit risk for contributions receivable is limited due to a well-known base of donors.

(Continued)

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue recognition

Thrift shop, 2nd helpings, and automobile sales

Sales consist of the sale of donated goods, artwork, and food in the café, net of sales and food tax. The revenue is recorded at the point of sale, the point at which the performance obligation for each individual item sold is met. The Rescue Mission does not allow for returns or exchanges on any product other than electronics. Customers have seven days to return a defective product. Returns are infrequent and immaterial and are not considered in the recognition of revenue.

Income tax status

The Rescue Mission and Foundation are exempt from federal and state income tax under Section 501(c)(3) of the *Internal Revenue Code* and the tax statutes of the Commonwealth of Virginia; accordingly, the accompanying consolidated financial statements do not reflect a provision or liability for federal and state income taxes.

Functional allocation of expenses

The costs of programs and other supporting services for the Rescue Mission have been summarized on a functional basis in the consolidated statements of activities. The consolidated statements of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses that are common to multiple functions are allocated by various methods deemed reasonable by management.

Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the consolidated financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent events

Subsequent events were considered through May 24, 2022, the date the financial statements were available to be issued.

Mutual funds	1,768,271	982,335
Beneficial interest in assets held by the Community Foundation Serving Western Virginia	<u>279,667</u>	<u>247,729</u>
	<u>\$ 2,993,614</u>	<u>\$ 1,375,414</u>

Amounts reported above as a beneficial interest in assets held by the Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) represent the net cumulative transfer of \$10,000 from the Rescue Mission Foundation to the Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley), as well as the net cumulative transfer of charitable gift annuities from deceased donors set up for the support of the Rescue Mission Foundation. The Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) holds and invests the funds on behalf of the Rescue Mission Foundation.

Note 5. Fair Value of Measurements

The Rescue Mission and Foundation adopted accountings standards which established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

(Continued)

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 5. Fair Value of Measurements (Continued)

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Rescue Mission and Foundation has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar or identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets and liabilities measured at fair value.

Stocks: Valued at closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Rescue Mission and Foundation at year-end.

Beneficial interest in assets held by the Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley): Assets are invested in Level 1 and Level 3 assets consisting of domestic equities, foreign equities, bonds, cash, hedge funds, and private equities. The Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) uses the net asset value (NAV) or capital balances of its interest in these assets as a practical expedient to determine the fair value of its interest in the net assets of these entities. The fair value of certain investments in the underlying entities, which may include private placements and other securities for which values are not readily available, are determined in good faith by the investment advisors of the respective entities and may not reflect amounts that could be realized upon immediate sale, nor amounts that may be ultimately realized. The fair values of these investments are estimated using the NAV provided by the general partner as a practical expedient. These fair values may differ significantly from the values that would have been used had a ready market existed for these investments, and these differences could be material. Net asset valuations are provided quarterly by these entities. Appreciation of investments in these entities is net of all fee allocations to the investment advisors.

Contributions receivable: Contributions expected to be received in periods greater than one year are recorded at estimated fair value as determined by the discounted present value of the future cash flows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 5. Fair Value of Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Rescue Mission and Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, Rescue Mission's and Foundation's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 7. Service Incentive

The Rescue Mission has a service incentive plan covering the CEO and other officers. The Rescue Mission contributes one week of salary for every year of service. Directors vest after five years and anyone who leaves prior to that period is not eligible for any payment. The liability of \$19,577 and \$23,482 at December 31, 2021 and 2020, respectively, is included in accrued expenses on the consolidated statements of financial position.

Note 8. Lines of Credit

The Rescue Mission has the following:

A line of credit from Pinnacle Bank for \$300,000, which bears interest at the 30-day London Inter-Bank Offered Rate (LIBOR) rate plus 2.75% subject to a 3.75% floor (3.75% at December 31, 2021), and is unsecured. The line of credit expires on September 5, 2022. No amounts were drawn on the line at December 31, 2021 and 2020.

A line of credit from Atlantic Union Bank for \$600,000, which bears interest at the bank's prime rate (4.00% at December 31, 2021) subject to a 4.00% floor, and is unsecured. The line of credit expires on June 30, 2022. No amounts were drawn on the line at December 31, 2021 and 2020.

Note 9. Notes Payable – Land

In March 2016, the Foundation entered into an interest free agreement to purchase land for \$750,000. The terms required a down payment of \$250,000 and five annual payments of \$100,000. The note was paid in full August 2021.

	<u>Note Payable</u>
Note Balance – December 31, 2019	S 188,609

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 11. The Rescue Mission Foundation (Endowment Funds)

The Foundation is an endowment fund organized for the support of the charitable purposes of the Rescue Mission. The Foundation’s endowment consists of four funds (John Sylvester-Johnson Fund, Honor Thy Mother, Honor Thy Father, and Joy Sylvester-Johnson Leadership for Tomorrow Fund and Board-designated) held in the assets of the Foundation. The Foundation includes both donor-restricted endowment funds and funds designated by the Board of Directors of the Foundation (Board) to function as endowments. As required by U.S. GAAP, net assets associated with these Foundation (endowment) funds, including funds designated by the Board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The management of donor-restricted endowment funds is governed by state law under the State Prudent Management of Institutional Funds (SPMIFA) law as adopted by Virginia state legislature in 2008. The Foundation’s Board of Directors has interpreted SPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Rescue Mission classifies net assets with donor restrictions: a) the original value of gifts donated to the permanent endowment, b) the original value of subsequent gifts to the permanent endowment, and c) any accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The Foundation appropriates amounts for expenditure based upon accumulated earnings in the funds and the needs of the Foundation and Rescue Mission. During 2021, \$109,912 and during 2020, \$110,794 of the endowment was appropriated as a salary supplement for an employee of the Rescue Mission. The primary objective is long-term capital appreciation and total return. The Foundation utilizes diversified investment classes that provide the opportunity to achieve return objectives without exposing the funds to unnecessary risk. The Rescue Mission has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law.

The Foundation’s net asset composition by type of fund as of December 31, 2021 and 2020 is as follows:

	2021		
	Without Donor Restrictions	With Donor Restrictions	Total Foundation (Endowment) Assets
Donor-restricted Foundation assets	\$ -	\$ 1,704,759	\$ 1,704,759
Board-designated Foundation funds	1,396,841	-	1,396,841
Total funds	\$ 1,396,841	\$ 1,704,759	\$ 3,101,600

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 12. Major Donors

For both 2021 and 2020, five donors accounted for approximately 14% of contribution and bequest revenue, respectively.

Note 13. Retirement Plan

The Rescue Mission offers a 403(b) retirement program where all full and part-time employees can participate through payroll deduction in a pool of tax-sheltered investments of varying risk and performance outlooks. Eligibility begins on the first day of employment with 100% vesting after five years (20% per year). The Rescue Mission matches employee contributions up to 5% of employees' gross pay. Employees electing not to participate in the plan must notify the Rescue Mission of their intention in writing. The Rescue Mission contributed \$26,288 and \$32,377 to the plans for 2021 and 2020, respectively.

Note 14. Charitable Gift Annuities

The Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) has provided various charitable gift annuities to donors that are ultimately designated to support the Rescue Mission Foundation.

Donors make a minimum gift of \$10,000 to the Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) designated for the Rescue Mission Foundation and receive annuity payments as long as they live. At the death of the donor(s), the remaining principal comes under the control of the Rescue Mission Foundation to be used to advance the programs at the Rescue Mission. Donors can designate specific ministries at the Rescue Mission to support with their gift.

At December 31, 2021 and 2020, three donors have set up charitable gift annuities to benefit the Rescue Mission and are still living.

Beginning in 2014, the Rescue Mission Foundation managed new annuities internally. All annuities currently managed by the Community Foundation Serving Western Virginia (formerly Foundation for Roanoke Valley) will continue to be managed by them. As of December 31, 2021 and 2020, the Rescue Mission Foundation is managing three annuities and the corresponding liability totaled \$8,597 and \$9,644, respectively, and is included with accrued expenses on the consolidated statements of financial position.

Note 15. Leases

The Rescue Mission leases space for the 2nd Helpings retail and restaurant space under a four-year agreement through December 2020. While the Rescue Mission now leases space under a month-to-month agreement, the amount per square foot is discounted based on market value. The difference is included as a contribution and expense in the consolidated statements of activities and functional expenses and was \$150,500 in both 2021 and in 2020.

Rental expense incurred under the operating lease was \$70,000 for 2021 and 2020.

(Continued)

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 16. Financial Assets and Liquidity Resources

To help manage liquidity needs, the Rescue Mission has a quasi-endowment. Although the intent is not to spend these funds, they could be appropriated for general expenditure if necessary.

As of December 31, 2021 and 2020, financial assets due within one year of the balance sheet date for general expenditure are as follows:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 1,325,915	\$ 1,672,562
Contributions receivable, net	4,999	19,999
Quasi-endowment to be used if necessary	<u>1,396,841</u>	<u>1,109,155</u>
	<u>\$ 2,727,755</u>	<u>\$ 2,801,716</u>

To help manage unanticipated liquidity needs, the Rescue Mission has two committed lines of credit totaling \$900,000, which it could draw upon.

Note 17. COVID-19

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this financial report. As such, the full magnitude that the pandemic will have on the Rescue Mission’s financial condition, liquidity, and future results of operations is unknown. However, management has taken actions to minimize the extent of any impact of the COVID-19 outbreak on the Rescue Mission.

THE RESCUE MISSION OF ROANOKE, INCORPORATED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021

Note 18. PPP Loan Forgiveness Presentation

During the year ended December 31, 2020, the Rescue Mission received a loan of \$571,797 from Atlantic Union Bank as a part of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) Paycheck Protection Program (“PPP”). This loan is fully guaranteed by the U. S. Small Business Administration. Pursuant to Section 1106 of the CARES Act, the loan can be forgiven up to the full principal amount if the Rescue Mission (i) uses all loan proceeds for eligible purposes as set forth in the CARES Act (which includes payroll costs, employee healthcare benefits, interest on mortgage obligations, rent and utility costs); (ii) maintains employment levels; and (iii) maintains compensation levels. The requirements for full forgiveness of the loan were met on November 4, 2020 and as such, the amount of the loan proceeds is classified as grant revenue for the year ended December 31, 2020.

Note 19. New and Pending Accounting Pronouncement

The FASB issued ASU No. 2016-02, *Leases (Topic 842)*, in February 2016. This ASU requires the recognition of leased assets and lease liabilities by lessees for those leases classified as operating leases under previous GAAP, which have terms greater than 12 months. This ASU defines a lease as a contract, or part of a contract, that conveys the right to control the use of identified property, plant, or equipment (an identified asset) for a period of time in exchange for consideration. This ASU retains a distinction between finance leases and operating leases. The result of retaining a distinction between finance leases and operating leases in the statements of activities and cash flows is largely unchanged from previous GAAP. ASU No. 2016-02 is effective for the year ending December 31, 2022.
